

**CHRISTMAS TREE PARTY REPORT AT ZION RESTORATION ORPHANAGE AND PRIVILEGED  
DECEMBER 2020.**

This project is held every end of the year between the 5th and the 22nd of December. We indulge the little ones into the spirit and festivities of Christmas. During this period, we celebrate the gift of family and loved ones. Africkiko Foundation invites partners, friends, family and the entire community to come and celebrate with the kids while bringing them the warmth of the season and the love of family.

Within the period of the 15th and 17th of December 2020, we went towards a few persons to talk to them about the Christmas tree project and we were able to raise the expected amount. In the year 2020, due to the pandemic, many orphanages reached out to us for assistance especially for feeding and other necessities for survival. The money raised was spent on the purchasing of the Christmas tree with decorations, Christmas toys, food items such as Garri, Rice, Tomatoes, Corn, beans. Also, sanitary napkins, soap, detergent, slippers and many others not mentioned. Cooked food was included in the budget as well as the transportation of the members to the orphanage.

On the 20th of December, the team and the children met at Zion Restoration Orphanage and Privileged at 3 pm. The team settled and we started the program with a word of prayer and a welcome song from the children. We bonded with the children and networked with the other visitors who came to support us. The kids were reminded to be their brother's keeper and always be an example to follow where ever they go. We proceeded to the handing over of gifts and shared the meal we took along. The children entertained us with ballet dances and Christmas carol songs.

The President
